

The MAGIC of OBJECTS in WRITING

8-Week Online Workshop
led by Julie Mariouw

TUESDAY Evenings
6:30-9pm (Eastern Time)

June 1 - July 20

Cost \$250

No prior writing experience necessary

In this workshop we will:

- Create a "master list" of places/memories our minds continually return to
- Explore the objects contained within those places
- Write with one object each week, exploring its meaning & magical power
- Use our physical bodies to gather information about objects

"The objects in a narrative are like magical keys found so often in folk tales, unlocking the door to a wondrous and...parallel world..."
